SCENE IN A PORTUGAL WINERY. In the mountains, at the Quinto do Sexio, Portugal, a famous Port Wine district where the custom of treading the grapes for Port Wine is still in vogue. From ten to a dozen men or women for each gang in turn continue the treading, day and night, during the four or five weeks vintage. Some of the treading vats are large enough for three separate rows of ten men each, who with their white breeches well tucked up, their arms on each other's shoulders, raise and tread their feet alternately, with song and shouts to keep the lazier ones up to the work, and a band with string instruments enlivens the hours.

Speer, of New Jersey, Uses Rollers instead of Feet. It is from this district the vines were imported over forty years ago that now fill the vineyards of the Speer Wine Co., at Passaic. At Passaic the same kind of grapes are crushed between large rollers of rubber, revolved by steam. This is the only place in this country where the real genuine Port Wine is made from the Oporto grape—and they are grown right in SPEER'S VINEYARDS. These vineyards extend over 1/3 of a mile along one of the Main avenues of Passaic, and comprise fifty six acres. The soil being rich in iron makes the wine most valuable for Medical use.

SPEER'S WINES

Are well known to be of the highest character, the oldest and most refined Wines in America, equal if not superior to any wines in the world. They consist of Port, Sherry, Burgundy, Claret, Sauterne Wines, and ★★ Climax Brandy. Mr. Speer has some Wine in his cellars that he made over thirty eight years ago. All of Speer's Wines and Brandy are very old, rich, well rounded, soft and delicate. Every family should have a bottle or two of each variety of Speer's Wines and Brandy always in the home, for sickness or family use.
